Vanco On-line Giving

Vanco, FMZBC's on-line giving and mobile app platform operates with an elevated level of security. As a result, access to users on the same network (FMZ IP address) will be blocked. When offsite, individual users may be denied access temporarily because of excessive failed login attempts. After some time (up to 4 hours), the account will automatically reset to allow users to select the forgotten password option. To avoid this issue onsite, please consider using the Vanco/FMZ mobile app for giving. As a Vanco registered user, you should see this option when you sign in.

Note: The development of the mobile app is ongoing to include a text box to enter your FMZ membership number. Using the mobile app is encouraged if you are onsite and blocked from the Vanco site. Otherwise, revert to using your mobile data.

You may give online using the following online giving link:

[Online Giving Link](#)

Or access the link through the FMZBC website: www.fmzbc.com and click on ONLINE GIVING (Vanco) at any time. To avoid failed transaction fees, please regularly review your online giving account to ensure contact and payment sources are up to date. When submitting a change of address to the Church, please also log on to Vanco to update your address. If you are interested in learning more about VANCO or have any questions as a Vanco online giver, please contact the front office, [703-670-0184](tel:703-670-0184).

You may give by mail: [First Mount Zion Baptist Church, 16622 Dumfries Road, Dumfries, VA 22025](#). You may also schedule a time for pick up, from your home, with your Zone Leader.

Please check the FMZ website regularly for a complete listing of ministry activities and updates regarding weather closings during office hours. As always, during these times of uncertainty, safety is of the utmost importance as we do our best to keep the congregation connected and informed while maintaining the health and welfare of all. Please check your email and the church website for regular updates.

Attention Zoom Meeting Hosts. To protect our ministries from potential “Zoom bombing” by miscreants and hackers, it is no longer recommended to post meeting ID and passcodes to the website or social media. As an alternative, Zoom offers a registration feature for meeting participants to register for a meeting using a registration link. Once the registration link is established by the host, the link can be shared as usual via Connection Points, email, text, etc. The

organizer/host will receive a roster of registrants and, if necessary, can use the list to verify people before they are allowed in the meeting.

For those who schedule ZOOM meetings, to follow is a short video on how to enable the registration feature to Zoom meetings.
